

All Set Ready To Go

A Division of Vast Transit, LLC

FOR ESTATE SALE COMPANIES & LIQUIDATION PROFESSIONALS

You manage the sale. We help handle what remains.

Successful estate sales often require additional work before or after the sale itself. All Set Ready To Go provides complementary property transition, downsizing, and clear-out services throughout Aurora and the Denver metropolitan area. We help estate-sale professionals and their clients address remaining household contents, storage areas, and property preparation needs without competing with the estate-sale company's core services.

How We Help

- Pre-sale property preparation and downsizing
- Post-estate-sale property clear-outs
- Garages, basements, and storage units
- Household contents and property disposition support
- Senior and inherited-property transitions

The Referral Process

1. The estate-sale professional identifies a client who may benefit from additional property services.
2. With the client's authorization, our contact information is shared or an introduction is arranged.
3. All Set reviews the client's project and develops a preliminary service plan.
4. We arrange an on-site walkthrough to confirm scope, pricing, and scheduling.
5. We coordinate authorized services while respecting the estate-sale company's client relationship.

Services start at \$750. Limited-time senior transition discounts may be available. Final pricing is determined following project review.
